

Course Title	Pexip Self-Hosted Certified Technology Expert Level 2	Subject / Unit / Module Name	2 Day Live Training Event CTE-SHL200			Academic Year	2022-2023
Broad aim of Subject / Unit / Module	LO1. Configure Pexip Management Nodes and Pexip Conferencing Nodes. LO2. Demonstrate product use and administrator tasks. LO3. Demonstrate integration capabilities in Pexip solutions. LO4. Demonstrate the communication technologies supported by Pexip Infinity.	No of sessions	2	Duration of session(s)	6 hrs	Trainer	TBC
Assessment plan	Assessment Outcome / Assignment Number	Assessment method	Assignment issue date		Assignment hand in date	Feedback date	
	1. LO1	Lab 1 exercises	Training day 1		End of lab session	Within 5 working days	
	2. LO2	Lab 2 exercises	Training day 1		End of lab session	Within 5 working days	
	3. LO3	Lab 3 exercises	Training day 2		End of lab session	Within 5 working days	
	4. LO4	Lab 4 exercises	Training day 2		End of lab session	Within 5 working days	
The intention of the certification in relation to the knowledge, skills, behaviours and attitudes that will be developed to support	On successful completion of this course the learner will be able to: <ul style="list-style-type: none"> • Configure Pexip Management Nodes and Pexip Conferencing Nodes • Demonstrate product use and administrator tasks • Demonstrate integration capabilities in Pexip solutions • Demonstrate the communication technologies supported by Pexip Infinity 						

learner's progression and their destinations	<p>As a result the learner will demonstrate be able to display the following competencies that will contribute to their workplace roles and responsibilities:</p> <ul style="list-style-type: none"> • Demonstrate how to successfully deploy the Infinity product. • Demonstrate the Pexip Infinity environment requirements for deployment • Demonstrate how to configure a basic Pexip Infinity deployment • Describe the fundamental operations of an Infinity deployment • Describe the communication technologies supported by Pexip Infinity • Demonstrate how to successfully configure Pexip Infinity conferencing services. • Demonstrate how to successfully use Pexip Infinity conferencing services. • Describe the key functionality of the Pexip Infinity services. • Demonstrate how media flows in the Pexip Infinity system • Describe how media flows in a correctly configured Pexip Infinity system • Demonstrate how to configure the Pexip Infinity system with a 3rd party integration • Describe the various integrations possible in the Pexip Infinity system • Describe various end users 'join' experiences within the Pexip Infinity system • Demonstrate how to customise the end user experience within the Pexip Infinity system • Describe how to customise the end user experience within the Pexip Infinity system • Demonstrate essential regular administrative duties for an Pexip Infinity system • Describe essential regular administrative duties for an Pexip Infinity system.
Key Sources of Information / Texts	<p>LMS https://www.dropbox.com/sh/OwruqsgneOti6a0/AABEixua1qWKd31aGB82DuSZa?dl=0 https://docs.pexip.com</p>
Health & Safety	<p>To ensure that the health and safety of all participants is kept as a priority, risk assessments will be carried out prior to any practical activity to ensure that all risks have been thought about and reduced or mitigated where possible.</p>
How is Diversity and Inclusion promoted in learning	<p>In order to ensure inclusion within the (virtual) classroom, learners will be encouraged to work in groups to ensure that learners regularly share their experience and knowledge with others in the classroom and ensure that learners are able to effectively support each other. Equality and diversity will be supported by regularly pursuing case studies from around the globe to explore the issues from different viewpoints.</p>

YOUR SESSION SHOULD EITHER BE VIRTUALLY OR IN PERSON DELIVERY – NEVER A MIX.

Trainer Prep:

- Prior to the 3 day event the trainer will need to ensure all preparation tasks have been carried out;
- Lab pods have been booked in the Training Calendar
- All learners have successfully complete CTE Level 1 – Fundamentals.
- All learners have been enrolled into a session group on the LMS CTE Level 2 with access to resources and materials required to participate in the live labs.
- Booking Event has been added for all three session dates, and learners added as attendees.
- Send Invitations (virtual / in person) with agenda overview attached and details joining instructions / prep tasks have been sent via Training calendar in Outlook to those learners.
- Re virtual – all IP addresses have been recorded for access to the session.
- The labs cleared down from previous session.
- Power down Teams connector.
- You know where all the training material is.
- Power up Teams connector before your day 1 session.
- Complete your Group sheet with all learners attending this course:
- Have been put into groups of either 2 to work collaboratively through the lab exercises.
- Have access to https://my.rec.vc/login#/ to record sessions

Post event the Trainer will be require to check all evidence of labs exercises emailed, demonstrates successfully the required learning outcomes.

Day	Topic	Learning Activities What activities will students do to learn content?	Learning Outcomes What learners will be able to do by the end of the session? To include specific	Assessment of Learning How do you plan to assess whether all learners have met the learning outcomes?	Resources Which resources will you need? Add hyperlinks to materials
-----	-------	---	---	--	--

			differentiated activity to stretch and challenge students		
Day 1 / session 1 3 hrs	Lab 1 Introduction through to deployment – 2.5 hours	<p>Meet and greet Agenda overview Tasks for today – specification and PPT (If virtual, advise that session is being recorded). (10 mins)</p> <p>Section 1 Planning to get it right - Lecture on Summary of foundational theory knowledge covered in CTE level 1 , Pexip infinity a distributed system and architecture with an emphasis on NUMA pinning. (30 mins) Introduction and information you need to access the main lab environment. (10 mins)</p>	LO1	Class Q&A / Observation.
